

Respire filter mask

The Respire filter mask works together with any standard filter with Rd40 connection. It can be equipped with the Spirocom voice communication system.

An ergonomic head harness with easily operated buckles makes it easy to put on and comfortable to wear.

The standard version is made from natural rubber and has a 5-point head harness. This version is available in the three different sizes: Standard size (M/L), Small size (S) and X-large size (XL).

The silicone version and version with textile head harness is available in Standard size.

Technical specification

Approval : CE 89/686/EEC
