### Hip belt for QS, SpiroGuide and S harness

LIDINGÖ July 03, 2009

#### ANNOUNCEMENT

New design of hip belt introduced.

#### APPLIES TO

All QS, SpiroGuide and S harness.

---

#### DESCRIPTION

A new design of the hip belt is introduced. Until now the hip belt has been fastened with a bayonet coupling to the back plate. The new hip belt is fastened with a bolt through the hip belt into the back plate. The result is a stronger fastening to the back plate. This change is introduced as one of our continuously ongoing product improvements.

The new hip belt is compatible with old harness.

*New hip belt with bolt*

*Old hip belt without bolt*
